

# Blackboard Requirements

Below, you'll find the supported operating systems, supported internet browsers, and minimum specifications for using Blackboard.

	Windows	Mac
<b>Operating System</b>	Windows XP and later	OS X 10.5 and later
<b>Internet Browsers</b>	IE 8.x and above Firefox 3.x and above	Firefox 3.x and above Safari 4.x and above
<b>Sun Java Runtime Environment</b>	Java Standard Edition 6 and above	Java Standard Edition 6 and above

For a detailed list of compatible browsers and operating systems visit Blackboard's support page directly at <http://kb.blackboard.com/pages/viewpage.action?pageId=38830689>

## Mobile Access

While you may be able to access Blackboard from a mobile platform, it will not be optimized for that device and a number of functions will not be accessible. We are investigating the use of the Blackboard Mobile App, but at this time it is not available.
