OTM maintains loaner equipment for **full-time faculty and staff**, such as: laptops, projectors and cameras for travel or off-campus use. Loaner equipment may be available on an hourly, daily or semester basis, depending on the equipment and its intended use.

At this time we do not provide long-term equipment loans to adjunct faculty.

In this section you'll find a list of available equipment.

Note: All faculty and staff will be required to fill out an Equipment Request Form when picking up the loaner.
