

Allowing Additional Test Time for Individual Students Using Advanced Adaptive Release

Blackboard's Adaptive Release Capability gives you the ability to adapt much of your course for specific situations.

1. Remove existing Availability Settings for the Test

NOTE: If not removed, Availability Settings in a content item will override any Adaptive Release or Adaptive Release Advanced rules or criteria.

2. In Test Availability, de-select the Display After and Display Until check boxes and click Submit.

Create Criteria **Review Status**

Content Status: Available

		Delete
<input type="checkbox"/>	Criteria Type	Description
<input type="checkbox"/>	Membership <input type="text" value="v"/>	1 Users
<input type="checkbox"/>	AND Date <input type="text" value="v"/>	Display After Jul 27, 2012 12:00 PM, Display Until Jul 29, 2012 1:30 PM

14. Click OK to return to the Adaptive Release: Advanced screen, you will see your two rules.

A rule is a set of criteria that determines the visibility of this content item to users. Content is visible to the user if any of the rules are met. For content to be released to a user, see the criteria below. To create more restrictions that a user must satisfy, add criteria to one rule. To create more rules for the content, create multiple rules. Add, edit, or delete criteria in any rule by selecting the rule.

Create Rule

Content Status: Available

		Copy	Delete
<input type="checkbox"/>	Rule Name	Criteria	
<input type="checkbox"/>	test2 class availability <input type="text" value="v"/>	Date: Display After Jul 27, 2012 1:00 PM	
<input type="checkbox"/>	OR Test2 Extended Time <input type="text" value="v"/>	Membership: 1 Users Date: Display After Jul 27, 2012 12:00 PM	

NOTE: The first rule, which applies to the whole class, includes just the Date criteria, while the rule pertaining to the student with extended time includes Membership and Date.

In this example, the rule Availability for Class states that the test will be available on July 27 from 12:00 PM until 1:00 PM, while the rule called Student with Extended Time allows 1 user an extra 30 minutes.
