

OTM

Office of Technology Management (OTM)

The Office of Technology Management (OTM) is responsible for acquiring, implementing, training, maintaining and managing computing technology for the Sawyer Business School. Our primary stakeholders are Sawyer Business School students, faculty, and administrators and our goal is to provide the best tools and service possible. OTM is guided by the mission of the Sawyer Business School and Suffolk University. We provide tools, training, and vision to move the business school toward achieving excellence in teaching and research, and we prioritize actions that support programmatic goals related to global business.

Some of the services OTM provides are:

- Teaching and Learning
- Training Bytes
- Research
- Productivity
