

Merlot

What is Merlot?

Merlot stands for: Multimedia Educational Resource for Learning and Online Teaching

As stated in their website, MERLOT is designed to help you easily discover online resources to help:

- Campuses develop strategies and plans for designing and delivering online and hybrid courses
- Faculty and staff choose “best practices,” tools, and processes for course design and delivery
- Faculty and staff find existing online or hybrid courses that can be reused and/or adapted.

The portal also provides an organized collection of links to other helpful resources and a showcase of exemplary courses that use MERLOT and other high-quality content.
