

Installing the Remote Access Application

Download the remote access desktop client

Go to <http://www.propalms.com/download/clients/onegate/40/VPNClientSetup.exe> This dialog box will appear. Click Run to launch the setup wizard.

Start the Setup Wizard

Click Install. The installation should only take a few seconds to complete.

Finish the install

Click Finish. The wizard dialog box will disappear.

Confirm installation

There should be a Propalms OneGate icon on your desktop. This is where you will launch remote access from now on.
