

Sophos For Home

Sophos AntiVirus is provided free of charge for home use by Suffolk University faculty, staff and students.

What type of Symantec security software is offered?

Currently there are two types of software offered:

Windows: Sophos

Apple: Sophos AntiVirus for Macintosh

How can I download this software?

1. Log in to your [MySuffolk](#) portal account
2. Click on the "Resources" tab
3. Click on the Anti-virus download
4. Enter your University email address and you will receive a link in your email to download the software

If you have any questions, please contact the [University Service Desk](#) .
