Workflows Tutorials

NPIC - Judging System

Welcome to the Suffolk Workflows System Tutorials page!

To learn more about using the Workflows System in a specific way, please select the appropriate option from the list on the left.

These tutorials are specific to the project they have been created for.

Using the Workflows System for a purpose other than shown here is possible, however would require specific training and tutorials.

This area is intended to house publicly-accessible tutorials for specific audiences.
