NVivo

NVivo is a qualitative data analysis software produced by QSR International. It has been designed for qualitative researchers working with unstructured information like documents, surveys, audio, video and pictures, where deep levels of analysis on small or large volumes of data are required.

The Business School subscribes to a limited quantity of NVivo licenses. Please check with us for availability.

NVivo Education Center

Nvivo offers a free Education Center that offers:

- 24/7 – on-line resources for helping you use NVivo
- Mini-how-to videos to help learn NVivo functions
- Webinars for using NVivo with your Lit Review
- Resources to help you teach & advise using NVivo

You will be required to register once, and then you will have access to eDemos, recorded webinars, FAQs, a Teacher's Pack and more.
