

# Teaching with Technology

Our office offers instructional technology support for faculty and students at the Sawyer Business School. We can help with the following areas:

## Faculty

- Effectively incorporating technology (hardware, software, online resources, etc) into your teaching
- Designing and teaching non-traditional courses (online, hybrid, flipped, blended, etc)
- Blackboard course design
- Blackboard, Collaborate, Panopto training and technical support
- Coordinating additional training in research and productivity software available from SBS
- Literature recommendations
- Teaching resources and tools research

## Students

- Learning how to learn online
- Blackboard, Collaborate, Panopto technical support
